## How to Fight the High Cost of Living

Garden Offsets Grocery Bill—Owners of Homes Should Set Out Fruit Trees and Raise Own Garden Truck—Housewife Should Do Her Own Sewing—Ten Commandments of Economy—Advice to Girls—Recipes.

### GARDEN OFFSETS GROCERY BILL

"Editor Standard Woman's Page: I think when one owns a home they should set out peaches, plums, cherries, grapes, apples, peaches, raspberries, currants, pieplant asparagus and strawberries. These I consider the most necessary but some others could be added. There are some farmers who have to buy or do without most of these fruits. They dislike to spend the time caring for them. I find it a great help to us in having our own fruits and often some to sell. Then we should raise our own garden truck. We try to raise a surplus of tomatoes or some things in the garden to sell to offset some extras which occasionally we might want to buy from the grocery which we cannot raise in our section.

I watch the Standard and try to buy my soap and sugar and some other things at days or special sales. Then twice a year we send to a local wholesale house for groceries and some other things on which we can save a large amount over the prices charged at retail stores.

### "OUT-OF-TOWN SUBSCRIBER"

I believe in patronizing our retail merchants, but I believe it's right to buy where we can save money for ourselves. I am always keeping watch on prices and buy in quantities which I consider is one of our greatest helps. I do all of my own sewing and housework.

### TEN COMMANDMENTS OF ECONOMY.

1. Learn not to waste, but utilize left overs.
2. Watch the Standard ads; it will pay you.
3. Buy staple goods in large quantities.
4. Make your own bread.
5. Do your own canning; it is better and cheaper.
6. Do your marketing in person and not by telephone.
7. Buy only articles that are in season.
8. Do not take a car when the distance is short and you need the fresh air.
9. Strive not for unnecessary things.
10. Above all, live within your income.

ings concerning their love affairs. The family might hesitate to inquire too closely into a prospective relative's past. But not so outsiders—friends. They are only too delighted to unguarded secrets which he thinks he has guarded so closely.

On the other hand, the man who is honorable and worthy might, by chance, be hung in the wrong, as it were, by overzealous friends. It is the best plan for most every man to pursue, to take his friends into his heart and find his confidence first as last. Then he will be spared the worry of the thought, what will he do when her friends find out?

### RECIPES.

Date Bread—One cup of white flour, two cups of entire wheat flour, one-half cup of brown sugar, one teaspoonful of salt, one teaspoonful of baking soda, one and one-half cups of chopped dates, two cups of buttermilk or sour milk.

### Owes Her Life to Eckman's Alternative

Eckman's Alternative is being used with success in the treatment of Tuberculosis in all parts of the country. Persons who have taken it, improved, gained weight, exhausted night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govett's recovery:

Griffith, Ind.

"Gentlemen: About September 19, 1908, my mother-in-law was taken sick with ataxial pneumonia, which developed into lung trouble. In January, when Rev. Wm. Berg, of St. Michael's Church, at Schererville, Ind., prepared for her death, he recommended that I get Eckman's Alternative, and see if it would not give her some relief. The attending physician declared she had Consumption and was beyond all medical aid. So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alternative, which she did. I am glad to say that she soon began to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took sick, and is in good health."

(Affidavit) J. S. GRIMMER.

(Above abbreviated; more on request.)

A girl owes it to herself and to her friends to confide in them and at least give their advice thoughtful consideration. She should be skeptical about the man who is uneasy lest her friends find out about their courtship.

He does not like the idea, which she suggests often, of being taken to visit her friends. "He's no hand to go visiting," he tells her. He'd rather any time enjoy her society uninterrupted.

## SUFFRAGIST ARSON SQUAD

Militants Continue to Carry Out Their Plan of Destruction—Destroy Large Residence—Trial of the Leaders in Bow Street Court

London, May 14.—Suffragist bombs were found today in one of the passenger cars of one of the local trains running between Kingston-on-Thames and London on the Southwark-Thames line, making the third outrage of this kind on the same line within two months.

No explosion occurred and the bombs were handed over to the police. A militant suffragist "arson squad" destroyed a large untenanted residence on the "highlands" at Sandgate-on-Sea near Folkestone on the English channel last night. Post cards addressed to the "dishonorable prime minister" and to the "dishonorable Reginald McKenna, home secretary," were left lying about on the premises. There was also a post card bearing the words:

"We hope this is not a poor widow's house."

Trial of the Leaders.

London, May 14.—Striking evidence of the extensive operations of the militant suffragettes and the bad effect on the women's cause of the out-rages committed by them were given today on the resumption of the hearing at the Bow street police court of the charges against the suffragette leaders. They are charged with infringement of the malicious damage to property act.

Those who occupied the prisoners' enclosure were Miss Harriet Rebecca Kerr, Miss Agnes Lake, Miss Rachel Barrett, Miss Beatrice Saunders, Miss Annie Kenney, Miss Laura Lennox and the chemist, Clayton.

The case against "General" Mrs. Flora Drummond was postponed until July owing to her illness.

Letter carriers and postoffice officials testified as to the great damage done to the mails by chemicals and other fluids poured into the public letter boxes.

Decrease in Circulation.

The former business manager of the Suffragette testified regarding the responsibility of the various prisoners for the different departments of that newspaper. He said his services were dispensed with by the militant committee because Mrs. Emmeline Pankhurst thought it better that only women should conduct the paper. As to the loss of circulation by the Suffragette after militant acts had been committed, the witness said that at first 30,000 copies were printed but the sales were only 17,000. The circulation then dropped to 7,500 but 2,000 copies were secured in other ways. Just before last Christmas, he told Mrs. Pankhurst that this falling off was due to the letter box raids but she shrugged her shoulders and said that that could not be possible because when the women were most militant they were most successful.

Both Feet Cut Off

BY WHEELS OF CAR

Salt Lake, May 14.—John S. Cobbley, 51 years of age, a locomotive engineer, was fearfully, perhaps fatally, injured when run over by a freight car in the Denver & Rio Grande yard at 3:30 o'clock yesterday morning. Both of the victim's legs were severed at the ankle and his left knee badly crushed. He was taken to St. Mark's hospital and attended by Dr. Warren Benjamin. At an early hour this morning his condition, which is very critical, was reported unchanged.

Mr. Cobbley has been a railroad operative for the past twenty-five years. For fifteen years he has been a switch engine driver in the local yard of the D. & R. G. He is a member of the Brotherhood of Locomotive Firemen, having continued his membership with the firemen after his promotion to the driver's side of the engine.

The accident occurred when Cobbley was leaving the yard, after going off shift. He did not know that an engine was bearing down on a string of empty cars as he started across the track just ahead of the last one. As the car leaped forward, it knocked him to the ground beneath the wheels. The accident happened at Fourth South and Fifth West streets. The
